

HOME HEALTH / WELLNESS SERVICES

Our licensed home health agency is under the supervision of a Licensed Professional Nurse. Services that are provided at no additional cost to residents include blood pressure clinics, wellness checks to apartments and responding to medical concerns.

VIP Service

An Apartment Aide will visit, as needed, between the hours of 8 am and 8pm to assist with personal care, medication reminders, tidying up and bedtime assistance.

Morning Apartment Aide Service

An Apartment Aide will assist you with personal care, meal preparation, light housekeeping and mail pick-up.

Evening Apartment Aide Service

An Apartment Aide will assist you with bathing, dressing for bed, medications and other bedtime preparation activities.

Medication Management

A nurse manages the entire process from procuring prescriptions, delivery and set up of medications, and monitoring of prescribed use.
